DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1-7 is the inclusion of the limitation of method and an apparatus of controlling an ink jet printer containing at least two substantially closed ducts in which ink is present, which comprising measuring the electric signal, in which measuring the signal generated as a result of the pressure changes in the second duct is in response to actuating the electro-mechanical transducer of the first duct. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
